Compact Manual Slicer

GC12B

Specifications

Finish: Heavy gauge anodized aluminum that is stain resistant, long lasting, and easy to clean.

Motor: Powerful 1/2 HP, fan cooled, 115-60-1, 6 amps, permanently lubricated ball bearings ensure quiet operation.

Knife Drive: Knife is driven by a positive grooved belt that works well in medium duty applications.

Slice Thickness: Food can be sliced from 0 to 1/2" thick.

Knife Cover Interlock: Slicer will not operate with the knife cover removed.

Top Mounted Sharpener: Sharpener is made of all metal and is top mounted for easy access. A two stone, dual action design allows you to quickly return a razor sharp edge to your knife.

Hollow Ground Knife: Nominal 12" diameter, hard chromed, hollow ground blade lasts longer and sharpens easier.

On/Off Controls: Moisture protected separate on/off push button type.

Ball Bearing Chute Slide System: Ball bearing system ensures smooth and easy movement of the food chute assembly.

Knife Hub: Knife hub bearings, belt, and motor are fully enclosed protecting them from food and other debris.

Knife Ring Guard: Permanently mounted knife ring guard protects the non-slicing portion of the knife. Slicer table protects leading edge of the knife when completely closed.

Table Rod: Separate table support rod is protected by the table casting and cover.

Underside: Components are covered by a metal plate protecting them from food and other debris.

Slice Deflector: Heavy duty deflector is securely fastened to the slicer, yet is still easy to remove without tools.

Capacity: Height 8.5" (21.6cm), Width 9.5" (24.1cm), Diameter 8" (20.3cm)

Cord & Plug: Attached 6 foot flexible 3 wire cord and plug fits a grounded receptacle.
