

### **Globe Announces the Introduction of its New SP5 Five Quart Mixer *Commercial Power Mixer is Available for Immediate Shipment***

**DAYTON, OH. – December 9, 2009** – Globe Food Equipment today announced the introduction and availability of its new five quart commercial power mixer. The SP5 is the strongest mixer in its class for mixing dough and other applications and presents the perfect blend of power and performance. The SP5 offers the versatility to mix the most delicate items or the toughest dough with ease. It offers the quality of workmanship that is synonymous with the Globe name.

The SP5 has many outstanding features including:

- A rigid cast aluminum body
- High-torque gear drive
- Ten variable speeds
- An 800 Watt motor
- A #10 attachment hub
- Electronic speed and load control
- Comes complete with a heavy duty stainless steel bowl, flat beater, wire whip and dough hook and a polycarbonate splash cover with ingredient chute
- ETL and NSF listed

With the introduction of the SP5, Globe now offers eleven high quality, professional style mixers with capacities ranging from five quarts to 80 quarts. For more information concerning the SP5, or any of Globe's premier food preparation equipment, please contact Globe Food Equipment at 937.299.5493, or visit [www.globeslicers.com](http://www.globeslicers.com).
